The charge of assault and battery. The boys yesterday morning went to the lot of a Chinaman named Too Fou, who farms on lower Twelfth street. Yesterday being China New Year's the Chinaman usually celebrate and treat their white friends to cigars, candy, etc., and the boys were received kindly by the Chinaman, who is said, gave them cigars and China candy. The two boys left the garden, but returned again after dinner, and wanted some more cigars, etc., but the Chinaman refused to satisfy their wants, whereupon the boys, it is alleged, became angry and beat the Chinaman. The Chinaman then called to the police, who placed the boys under arrest. The boys claim that the Chinaman struck them first and they only defended themselves with their fists. They were given a hearing before Judge Howell.

PORTER N. PIERCE FINED.

Porter N. Pierce, who resides at Five Points, was arrested yesterday by Deputy Sheriff E. S. Crocker on the charge of maliciously taking out the windows from a house belonging to a Mrs. Williams, which was occupied by a Mrs. Williams, who was the complaining witness in the action. Mr. Pierce is the owner of a house at Five Points, which is occupied by Mrs. Williams. The defendant desired that the lady should vacate the house which she did not do, hence Mr. Pierce went over to the house a few days ago and threatened to take the windows out of the house, and the lady refused to do so, whereupon Mr. Pierce took out one of the windows, but fearing that he had made a mistake in so doing he put the window back in place in a few minutes. He had his hearing before Justice Parker J. Hall, and was found guilty and fined \$1 and cost amounting in all to \$5.50, which he paid and was released.

SURPRISING THEFTS.

This morning Joseph Raymond Snow and his wife, who live in the police court on the charge of petty larceny. Snow had been in the employ of Snowcroft & Sons as nightwatchman since last July and for a time was a thoroughly trusted man. He had been in the employ of Snowcroft & Sons for the last year or so, and it was observed that small quantities of goods in the grocery line were constantly disappearing from the store. It is estimated that about \$200 worth were taken away. It is alleged that Snow permitted his wife and children to do the stealing. The two men were arrested yesterday morning and taken to the police station on recommendation of the district attorney. Snowcroft imposed a nominal fine of only \$5. He, however, administered a very severe reprimand to the offenders, after which they were discharged.

AN ASSAULT CASE.

W. E. Stone and R. P. Shaw were in court charged with assaulting a Chinaman named Chin Ling. The former pleaded guilty and was fined \$10 and costs. The latter was acquitted.

DYKMAN IMPROVING.

Orin Dykman, the young man whose arm was torn off in the mattress factory yesterday, is resting as easily as possible at the general hospital today. It is believed that his chances for recovery are very much better than they were last night.

PLEASANT GROVE.

RECEPTION TO PROF. COOMBS.

His Departure Much Regretted—Epidemic of Measles.

Special Correspondence.

Pleasant Grove, Utah Co., Feb. 7.—Prof. J. H. Coombs leaves tomorrow for Salt Lake to take charge of the Lincoln school. This town is in sackcloth and ashes, so to speak, over the loss of their teacher. Mr. Coombs has been a great blessing to the school, and will be missed in many ways. He was assistant superintendent of Sunday school, counselor in the Young Men's association, had charge of religion classes and was a most successful and useful man. The trustees consented to give him up for the reason they thought it would be wrong to keep him from attaining greater honors, etc. Prof. Coombs is a native of Pleasant Grove, and was married one of Pleasant Grove's belles and adopted this as his home. We wish him success in Salt Lake City schools.

Epidemic of Measles.

Measles has been having a big run in this town as also in Lindon. We hardly think the "e" is enough to "go round." No fatal results so far.

We have only one saloon now grinding.

The, H. Beck of Manila ward has purchased the old school house at Lindon and will establish a mercantile.

Forewarned, Forearmed.

The liability to disease is greatly lessened when the blood is in good condition, and the circulation healthy and vigorous. For then all refuse matter is promptly carried out of the system, otherwise it would rapidly accumulate—fermentation would take place, the blood become polluted and the constitution so weakened that a simple malady might result seriously.

A healthy, active circulation means good digestion and strong, healthy nerves.

As a blood purifier and tonic S. S. S. has no equal. It is the safest and best remedy for old people and children because it contains no minerals, but is made exclusively of roots and herbs.

No other remedy so thoroughly and effectively cleanses the blood of impurities.

At the same time it builds up the weak and debilitated, and renovates the entire system. It cures permanently all manner of blood and skin troubles.

Mr. E. E. Kelly, of Urbana, O., writes:

"I had eczema on my hands and face for five years. It would break out in little white pustules, crusts would form and drop off, leaving the skin red and inflamed. The doctors did me no good. I used all the mechanical soaps and salves without benefit. S. S. S. cured me, and my skin is as clear and smooth as any one's."

Mrs. Henry Bigfield, of Cape May, N. J., says:

"I used twenty-one bottles of S. S. S. for the cure of my skin trouble. My face and hands thought her case hopeless."

Richard T. Gardner, Florence, S. C., writes:

"I suffered for years with Itch. Two bottles of S. S. S. put me in good condition and the Itch disappeared."

IRRIGATION PROBLEM.

Water Rights to be Defined by Suit in Court.

Special Correspondence.

Hooper, Weber Co., Feb. 6.—The snow is disappearing very fast, and the frost coming out of the ground.

Elder Hyrum Rigley returned home a week ago from a two years' mission in England, feeling fine. On the 29th of this month we expect Elders David Parker, Lewis Hardy and William Parker, who have filled missions in the Southern States.

Our meetings and Sunday schools have been discontinued for a short time on account of making some changes in our meeting house. Some time ago we had a fair and it was quite a success, and the proceeds will go towards a new organ and making the changes in our meeting house, moving the stand more to the center, and the choir at the back of the stand, and other changes. Brother Adam Patterson in lifting his carcasses last night overtook his strength and has been unable to get on his feet since. The doctor has been attending him and he is in a serious condition.

Today the Hooper and Wilson Irrigation companies met in mass meeting at the social hall in Hooper. Last fall at a mass meeting our condition in regard to irrigating water and the loss of our crops the last three years was discussed, and some measures had to be taken to secure our right and to define others. A committee was appointed to visit Morgan and Summit to give us reports today, which was fully discussed. After the reports were given the people authorized the directors to bring suit against all those taking water from the river without proper titles and define their rights and give ours. We would have preferred that this thing could have been settled otherwise.

WATER WORKS NEEDS.

Wells Going Dry—Irrigation Canal Meeting.

Special Correspondence.

Spanish Fork, Utah, Feb. 6.—The weather has moderated in the last day or two so that the streets are all mud again. We are feeling the drouth of the winter, particularly in the morning. One great drawback here is the lack of water supply for domestic purposes. There could be no better investment by the city than to secure a water supply for domestic purposes. Last summer, the people met and discussed the question, and a favorable sentiment expressed. The last city council started in the matter by having some very important business transacted. The loan of \$20,000 which was negotiated with Miller & Vile, of Salt Lake, was ratified by the stockholders. Three of the old board of directors were elected and two new ones were elected for the ensuing year. The financial report for the past year was read by the president. INDIAN WAR VETERANS.

Hold Grand Reunion, with Banquet and Ball.

Special Correspondence.

Moroni, Sanpete Co., Feb. 5.—Yesterday the town was ablaze with hilarity in commemoration of the great Indian war of 1863-4. Last June, Commander-in-Chief Westwood of Springfield visited Moroni in the interests of the State Organization of Utah War Veterans and met a number of local veterans, who issued a call for Feb. 4 to perfect a local organization.

The meeting was called for 2 p. m.

and long before this hour vehicles from various parts of the country were winding their way hither loaded down with merry maidens, jolly youths and aged veterans.

The chief function was to be held in the tabernacle and before time members of the original drum corps were in and playing the air with strains of martial music. Soon after 2 o'clock, Chairman Nathan Faux called the assembly to order and the following program was rendered:

In the evening at 7 o'clock a grand

river and the water will be put on the banks for about \$3 per acre, the cheapest water your correspondent knows of anywhere. Great credit is due to the president of this state, L. S. Pond, to his counselor, D. Jensen, and to Bishop Chester for the valuable assistance they have given the company and in uniting the people together on the proposition, which means hundreds of beautiful homes. There is some land yet to be taken up on the north side of the river that will come under this canal and so invite good honest citizens (Latter-day Saints preferred), not mossbacks, to come and locate with us.

We have three Sunday schools, three day schools, besides the other auxiliary organizations, the Church and our ward. We have three parishes established and in the near future we are to have a daily mail route each way from Oxford to Bancroft.

MINK CREEK, IDAHO.

Impressive Funeral Services Over Remains of Mrs. Tora Wilde.

Special Correspondence.

Mink Creek, Oneida Co., Idaho, Feb. 6.—Impressive funeral services were held in the meeting house here at 1 p. m. Tuesday, the 4th inst., over the remains of Sister Tora Wilde, at which Bishop H. H. Hansen presided, prayer being offered by Brother Hans C. Hansen.

The house was crowded with friends

and a host of relatives assembled to show their tender love and profound respect for her memory. Words of comfort and encouragement were spoken by Elders Andrew Larson, and Geo. H. H. Hansen, and a Brother Henderson of Idaho, who labored here in behalf of the Mutual Improvement.

The deceased was a daughter of James and Christina Keller, born at Mantua, Roxbury county, Utah, Oct. 26, 1858, being about twelve years of age when her parents moved to Mink Creek. She was married early in life to Albert A. Wilde of Brigham City, at the Logan Temple. Her husband died in 1888, leaving her with three children, and her condition grew gradually worse until the angel of death closed her mortal career, Saturday, Feb. 1, at 11 a. m.

She was a true Latter-day Saint, having honorably filled the positions of Sunday school and Religion class teacher, and was also a member in the Primary association at the time of her death. She was a loving wife, noble mother, peaceable neighbor and a faithful daughter in Israel. The heart broken husband and sorrowing children, six in number, have the tender sympathies of the entire community.
